### WHY SIBERIANS?

I like big cats and I cannot lie!

All cats are beautiful, but for me these chunky, fluffy, gentle giants will always steal my heart.

I fell in love with the breed attending as a visitor at a show.

After endless research I found my breeder and now mentor.

I feel very passionately about the future development of the breed. Most importantly happy and healthy cats are the best!

### Bio

I have always been drawn to the cat show world. Having attended The Supreme as a visitor in 2011, I knew I had found my people.

After I had grieved the passing of my first fluffy love Neko, my grumpy and incredibly spicy house cat, I knew it was time to dip my toe.

Professionally I am a beauty therapist and sports masseuse, located within Addenbrookes hospital, I provide services to patients and staff.

My business has just celebrated it's 10th anniversary, which I am extremely proud of.

Outside of work my hobbies include; Olympic weightlifting, adventures in nature, reading and travel.

### My FIFe journey

Having only joined FIFe as an exhibitor in October 2023, I feel I have accomplished lots within a short amount of time.

Within the last twelve months I have registered as a breeder under cattery name "Enchanted Taiga" Siberians.

I have taken part as a steward in many shows during the FIFe and Felis Britannica calendar. My proudest of which was the WWS 2024.

I have also been invited to steward for three shows overseas, including WWS 2025.

I have recently become a member of the Strictly Cats show commission.
