

Michelle Gillon - Biography

I knew from a young age at some point in my life I would love to breed cats, since I was the age of 3 I have always had a cat in my life, then I met Matt he is a dog person so convincing him to let me have a cat took a while 6 years to be precise, after bringing a dog into our family, I soon persuaded him that two kittens wouldn't be as much work and that was that the kittens (Rusty and Panda) and puppy (Zac) got on like a house on fire, unfortunately we lost Zac at a young age and we had a little hole left for someone else and were blessed with being able to adopt 2 Bengal 8 month old kitten brothers (Goldie and Leo), I say blessed they are now 9 years old and they still do not like humans one little bit but love Rusty and that's all they need.

Our Maine Coon journey started in November 2020, when our beloved Moggie Panda Passed away, we weren't looking for anything straightaway and were looking into the future but have always wanted a larger breed to add to our ever-growing animal family but came across Dominika's Baby Picture and we were Hooked.

After Hours and Hours of research into breeding, we decided it was something we as a family would love to do.

We were quickly introduced St Carlino de Sol's Babies and ended up importing across the water and after what seemed a long wait had our two queens arrive in February 2021 and this is how we were introduced to Strictly Cats.

Over the past twenty months I have been helping Strictly Cats show commission with sponsorship contacts and title validations, I feel my contacts with sponsors that I have made over the past months could help a lot with the Felis Britannica Show Commission, i also have a good rapport with alot of members within the Felis Britannica clubs after the last few months as a co-option I have seen an extra side to showing and would like to continue and be considered as a full member of the Show Commission going forward.
