

BIO

Position Applied for - Deputy Treasurer

Applicant - Roy Hollely

I've been involved with Fife for around twelve years with my wife, showing & breeding Burmese, Exotic & American curls. Over the last few years I have helped at shows & more recently with club matters. I am currently on Strictly Cats committee and was show manager at their first show.

I run my own mechanical business in London and this means I process work, manage employees and deal with customers on a daily basis. I have also been managing the companies books for around twenty-five years, dealing with invoices, receipts & all money matters in general. I also do the end of year accounts for the business which means I summarise and compile the years in & outs with stock levels & list outstanding sales / purchases. This means I have a working knowledge of book keeping in general.

I enjoy Fife shows and hope that my previous knowledge within Fife & work will mean that i will be able to help with input and ideas for the future
