

Show Commission

Proposal No 3

Addition to Show Rules

2.6 Self-Stewarded Shows

- 2.6.2** All decisions made by the judges are final. Any attempt to influence these decisions, whether through verbal communication or behavior, during the event may result in disciplinary action against the exhibitor.

FB shows have always benefited from the direct interaction between exhibitors and judges, allowing for open discussions about the cats. This proposed rule serves as a reminder to exhibitors that, while they enjoy this opportunity for direct communication, they still have a responsibility to refrain from attempting to influence a judge's decision regarding their cat or that of another exhibitor. Serious infractions should be held accountable.
