

International Winner Proposal

With the new International Winner Titles rules are required to allocate them for our Felis Britannica Members. This title should be an achievement, so the requirements to qualify for it are high and reflect the way the National Winner Titles are awarded at the Points Awards.

5.0 International Winner Title

5.1 The title International Winner (IW) will be awarded to those cats competing in FIFe International Shows located outside of the United Kingdom; the FB member must also reside in the UK. It is the responsibility of the owner to submit the results to Felis Britannica via their club secretary by 31st December of that year. They must include the digital catalogue from the shows along with certificates of awards for the cat. IW will be announced at the next Points Awards.

5.1.1 These titles will be assigned to the overall best kitten, junior, neuter male, neuter female, adult male, adult female and household pet. A maximum of seven (7) IW titles will be awarded.

5.1.2 The cat must be owned by the Felis Britannica individual and in the Felis Britannica Stud Book before competing at the FIFe show outside of the UK to be considered for IW titles.

5.1.3 Points will be accrued by merit as below: -

- Nominated for best in show – 1 point*
- Best in show – 1 additional point (the cat must have beaten at least one cat during best in show to get this additional point. They will retain the 1 point from nomination)*

5.1.4 The cat must have a minimum of 8 points and four (4) best in shows, that must have been achieved against competition,, to be eligible for the title.

5.1.5 If there are cats tied on the same points then the cat with the most best in shows is awarded the title.
